Subject: Update

You still have the XLS open, so I'm not going to make any changes to a parallel version, but I can update the colors for the agencies in the morning. I did most of the rest of the government tonight, although notably not Education or the GP/SR stuff yet. So that's v07 of the book, which is out there. My goal is still to have a full first draft of the agency presentations (without the charts posted in yet) by the end of this week, meaning Friday or maybe Saturday night.
