Dear Nikki,

Today, broadband is a necessity. But what if you can't get high-speed landline service at your remote offices?

Then it's time to think HughesNet® Gen4 Internet Access Solutions. <http://pages.myhughessolutions.com/du0j912FzZ0Ak00M1O000V0> With nationwide availability, speeds up to 15 Mbps\*, and generous new data allowances, HughesNet Gen4 Internet Access Solutions provide affordable, high-speed connectivity by satellite for all locations—even those that are the hardest-to-reach.

## Single Provider Connectivity—Now with Greater Data Allowances

- Generous **Business Period data allowance** can be used in the daytime

during peak business hours

- An **extra allotment of Anytime data allowance** can be used at any hour, including off-peak, nighttime hours
- **Total data allowance** combines your Business Period and Anytime allowances and is dependent upon which service plan you choose
- Ideal for locations **where DSL and cable can't reach and T1 is too expensive**
- **GSA Schedule 70 #GS-35F-0907P**

**\*Available speeds dependent upon service plan and location.**
