Dear Gov. Haley.

A few days ago I sent an email online in regards of my frustrations with the medicaid process on your website. The very next day I received a telephone call from the DHHS worker calling to say she approved my sister for ABD medicaid. I want to thank you and your office for the promptness. If you only realized how much this means to me. I had been struggling for months with getting my sister's medicaid approved. My sister moved in with me in March 2014 after our mother died unexpectedly in church from a heart attack.

My sister and I lost our Yatha in 2008, our maternal grandmother in 2009, our eldest sister in 2011, & then our mom in 2014. For me this has been rough, but for my disabled sister, even tougher because she is unable to express herself like you and I. Over the past year I've had a few people at different State agencies who have assisted me and even though they were "just doing their job" the thoughtfulness and having a smile on their face went along way. Again Governor, I just want to show my gratitude and just want to say thank you again for your office reaching out to DHHS.

Much appreciation :)
Hope f Bnjer
