Request for Applications - Targeted Technical Assistance to Build the Business Capacity of Community-Based Aging and Disability Organizations for Integrated Services Partnerships

The Administration for Community Living ([ACL](#)) is announcing an opportunity for up to ten (10) networks of community-based aging and disability organizations to participate in a learning collaborative and receive targeted technical assistance related to business acumen. Applicants must be seeking to build their business capacity and align their service capabilities in order to contract with integrated healthcare entities to provide community-based long-term services and supports and/or evidence-based preventive health programs and services. ACL is particularly interested in working with networks that include a diverse mix of organizations that serve people with disabilities and older adults. No direct funding will be provided through this initiative; rather, this collaborative will receive targeted technical assistance through a variety of different means, as noted within the announcement.

Applications must be submitted electronically via email to Lauren.Solkowski@acl.hhs.gov by 11:59 p.m., Eastern Time, on **Monday, December 8, 2014**.
