Hi Rob – Good chatting with you a few minutes ago.

I'm working on a story out of Myrtle Beach involving the disappearance of Heather Elvis. Heather's father, Terry, mentioned to me today that the governor's office has been in touch with him regarding a petition they started to remove Judge Markley Dennis from the case.

The family alleges their constitutional rights were violated when they were denied time to speak at a recent hearing and Markley knows a family member of Sidney Moorer – one of the suspects in the case, among other things.

Could you confirm whether or not the governor's office has had any contact with the Elvis family on the issue? If so, what was discussed?

I appreciate your help! Merry Christmas.
