Medical conditions that may seem rare to some doctors need to be explored because this sounds like a case of a genetic disorder that caused the horrible removal of a baby from this family. Imagine if this was your family. Please educate yourself on genetic mutations and reach out to doctors that are experts in this area.

This is medical neglect! And theft! This little baby will grow up, rightly hating the state! Destroying families lives to collect more revenue from Central is not what society pay taxes for services

I understand your pain. May justice be served , and your daughter be returned to you and your home. Only then, can true healing from all this trauma even begin. We are still fighting for that very same justice, peace and healing. From one broken mom to another broken family, I understand fully and please keep fighting. God Bless, Michelle
