because in a speech you gave to a **Brazilian bank**, for which **you were paid \$225,000**,

we've learned from the **WikiLeaks**, that you said this, and I want to quote. **"My dream**

**is a hemispheric common market with open trade and open borders."** So that's the question...

TRUMP: Thank you.

WALLACE: That's the question. Please quiet, everybody. **Is that your dream, open borders?**

CLINTON: Well, if you went on to read the rest of the sentence, **I was talking about energy.**

You know, we trade more energy with our neighbors than we trade with the rest of the world

combined. And I do want us to have an electric grid, an energy system that crosses borders.

I think that would be a great benefit to us.

Following is a transcript of the [third presidential debate](#), on Wednesday, as transcribed by CQ Transcriptswire.

[ Excerpt, emphasis added ]

WALLACE: Good evening from the Thomas and Mack Center at the University of Nevada, Las Vegas. I'm Chris Wallace of Fox News, and I welcome you to the third and final of the 2016 presidential debates between Secretary of State Hillary Clinton and Donald J. Trump.

continued...

CLINTON: We will not have open borders. That is...

WALLACE: Well, let me Secretary...

CLINTON: That is a rank mischaracterization.

WALLACE: Secretary Clinton...

CLINTON: We will have secure borders, but we'll also have reform. And this used to be a bipartisan issue.

Ronald Reagan was the last president...

WALLACE: Secretary Clinton, excuse me. Secretary Clinton.

CLINTON: ... to sign immigration reform, and George W. Bush supported it, as well.

WALLACE: Secretary Clinton, I want to clear up your position on this issue, because in a speech you gave to a Brazilian bank, for which you were paid \$225,000, we've learned from the WikiLeaks, that you said this, and I want to quote. **"My dream is a hemispheric common market with open trade and open borders."** So that's the question...

TRUMP: Thank you.

WALLACE: That's the question. Please quiet, everybody. **Is that your dream, open borders?**

CLINTON: Well, if you went on to read the rest of the sentence, I was talking about energy. You know, we trade more energy with our neighbors than we trade with the rest of the world combined. And I do want us to have an electric grid, an energy system that crosses borders. I think that would be a great benefit to us.

But you are very clearly quoting from WikiLeaks. And what's really important about WikiLeaks is that the Russian government has engaged in espionage against Americans. They have hacked American websites, American accounts of private people, of institutions. Then they have given that information to WikiLeaks for the purpose of putting it on the Internet.

This has come from the highest levels of the Russian government, clearly, from Putin himself, in an effort,  
as 17 of our intelligence agencies have confirmed, to influence our election.

CLINTON: So I actually think the most important question of this evening, Chris, is, finally, will Donald Trump admit  
and condemn that the Russians are doing this and make it clear that he will not have the help of Putin in in this election,  
that he rejects Russian espionage against Americans, which he actually encouraged in the past? Those are the questions  
we need answered. We've never had anything like this happen in any of our elections before.

WALLACE: Well?

TRUMP: **That was a great pivot off the fact that she wants open borders, OK?** How did we get on to Putin?

WALLACE: Hold on hold on, wait. Hold on, folks. Because we this is going to end up getting out of control.  
Let's try to keep it quiet so for the candidates and for the American people.

TRUMP: So just to finish on the borders...

WALLACE: Yes?

TRUMP: **She wants open borders.** People are going to pour into our country. People are going to come in from Syria.  
She wants 550 percent more people than Barack Obama, and he has thousands and thousands of people. They have  
no idea where they come from.

And you see, we are going to stop radical Islamic terrorism in this country. She won't even mention the words,  
and neither will President Obama. So I just want to tell you, **she wants open borders.**

**\* Donald Trump rattled off a litany of Wikileaks revelations before a Florida crowd on Tuesday night**

**\* He hit his Democratic opponent on her embarrassing 'open trade and open borders' speech ... continued**

**\* Teleprompter-aided speech said Clinton wants 'to end forever the American independence that our founders gave to us'**

**\* Trump spent more than 20 minutes detailed embarrassing bombshells hacked from Clinton's campaign chairman's email account**

**\* He called them 'the latest evidence of the hatred that the Clinton campaign has, really, for everyday Americans'**

continued...

More than half of Trump's 51-minute speech in an outdoor

amphitheater consisted of new material, courtesy of fresh Wikileaks revelations that came from a hack attack on her campaign chairman John Podesta's private email account.

By the time a crowd estimated at 8,000 filed back to their cars, he had **accused her of secretly plotting to eliminate America's national borders in favor of a single global government with control over trade and immigration.**

'Speaking in secret to a foreign bank, again just revealed, Hillary said **"My dream is a hemispheric common market with open trade and open borders"**,' Trump said, **quoting a digest of previously undisclosed transcripts of speeches she delivered on Wall Street for an average of \$225,000 each.**

'Well, there goes the rest of your businesses. And there goes your country, folks,' he fumed as a helicopter buzzed overhead flashing a 'Make America Great Again' message on its underbelly.

**'Behind closed doors when she thought no one was listening, she pledged to dissolve the borders of the United States of America. No borders!'**

**'If you don't have borders, we don't have a country,'** said a suddenly sullen Trump.

continued...

'Wikileaks has given us a window into the secret corridors of government power,' he said, 'where **we see a former secretary of state announcing her desire to end forever the American independence that our founders gave to us** and wanted us to have.'

'American soldiers have fought and died to win and keep America's freedom, and now **Hillary Clinton wants to surrender that freedom to these open borders, open trade, and a world government.**'

**Trump accused her of both pining for deeper U.S. military entanglements overseas and plotting to abandon the protection of America's geographic and cultural identity.**

**'We're protecting the borders of foreign countries,'** he said, forecasting a new Clinton administration.  
**'But not our borders.'**

'These Wikileaks emails confirm what those of us here today have known all along: **Hillary Clinton is the vessel of a corrupt globalist establishment that's raiding our country and surrendering the sovereignty of our nation,**' he said.

**'This criminal government cartel doesn't recognize borders but believes in global governance, unlimited immigration and rule by corporations.'**
