The Honorable Nikki R. Haley

My name is Thomas Nixon and I have been working at Century Aluminum for 34 years. I have one son who I was able to send to college. This job (family) has been able to support my family and hopefully with your support for many more years. As I'm sure your fully aware of, we really need your help and need it very soon! I want to thank you for all that you do in running our state of South Carolina. If you can help keep our plant running, not only will we be able to afford our homes, but keep putting money into the community. If there is anything that I can do to help please let me know. I can't stress you how it has been (pins & needles) of losing our job and possibly homes. I only hope and pray that together we can find a reasonable solution to keep the plant running.

Thanks  
Thomas Nixon
