To many and all.

Today while visiting my wife at the Summit Place of Beaufort S.C. we "observed" our 64<sup>th</sup> wedding day as we have for the 4<sup>th</sup> year now. If my wife had not been ruled incapable of managing her own affairs wrongfully by a Probate Judge she would be home where she should be. Let me explain - two adult age children Erin & Pat could not wait for my wife & I to pass to get their inheritance. Erin lied to the Court & others & it was not investigated by anyone & the Judge made a wrongful & stupid ruling without my having a chance to say one word of rebuttal or plead my case. I believe this was done so that it would generate more lawyer fees & feed the Court & lawyer system - a second so called hearing was in Aug of 2013 & my double-crossing lawyer sucked another 500<sup>00</sup> out of me for what he told me was an appeal. Later I was told all it took was 150<sup>00</sup> for filing fee. How legal is that? Anyway my so-called lawyer wrote a "memo" to the Court & not an appeal. Does this prove my point? Besides that why should I have to spend money that I don't have to correct a judge's mistake? Later the Court appointed lawyer Alyson Bursell

②  
had my wife transported to Columbia A.C. to  
be evaluated by other "shrinkers" & they ruled  
my wife should be released from the Helena  
House. I came home which she did - that still  
left the greedy adult age lying children in  
control of my wife's retirement income & that one  
dime was contributed to my wife's food or share  
of other household living expenses. My wife has had  
intestinal problems for years & was hospitalized  
for it while at home - Erin came from Fla & took  
my wife from the hospital without my knowledge  
& even against the Court order & the judge let  
this stand for approx 11 months - How legal is that?  
I have asked for a complete investigation many  
times but have been ignored by all levels of local  
& S.C. state "officials" All of these so called oath  
of office taking people don't want their scheme  
exposed & my wife & I have suffered for over  
3 years of this & we are now in our mid 80's in  
age. This inhumane injustice needs to be  
corrected at the state's expense & appropriate  
action taken against all guilty parties - There  
are records to verify everything I have written
