Hello, I submitted a photo to the contest but I don't see it in the gallery! Are they all shown?

Matt, photos must be taken in a South Carolina State Park and in the season we are judging for. Is there a particular photo you are referring to? The judges may be waiting to confirm it was taken in the state park it is labeled for.

There is a "vetting" process. Photos don't automatically post when submitted.

I'm sorry that looked confusing. I submitted the photo I shared on your wall last night. I also want to share a wildlife photo but I wanted to make sure the first one went through. Thank you
