Subject: Administrative Office of the U.S. Courts: Please Dismiss With Prejudice SC Probate Court Case
1/11/2018

126 Wincay Road
Columbia, SC 29223
7 January 2018

Administrative Office of the United States Courts
One Columbus Circle, NE
Washington, D.C. 20544

Dear Sir or Madam:

I am writing to exercise my right to live. I respectfully ask your office or the appropriate Federal authorities to dismiss with prejudice: Richland County (South Carolina) Probate Court case 2017MI401026, case 2017MI401404, and case 2017GC4000172, including the court orders for the aforementioned cases. Please dismiss the cases before January 11, 2018.

The Richland County Probate Court cases/orders disregard my right to live, rights established under the Fourteenth Amendment of the U.S. Constitution, and select U.S. Supreme Court decisions (e.g., *Cruzan v. Director, Missouri Department of Health*, [88-1503], 497 U. S. 261 [1990] or applicable decisions).

Also, I am concerned because the court orders for the aforementioned Richland County cases are based on fraud (false testimonies/evidence) among other crimes. Fraud places the National Crime Information Center and the nation's security posture at risk (42 U.S. Code § 5195c). Thus, the Richland County involuntary, court-ordered treatment is

*needless (i.e., I am not a person who for the sake of my welfare or the welfare of others or of the community requires involuntary care, treatment, or hospitalization.);

*unreasonable, unconstitutional (e.g., The quality of medical care or service, topics of discussion and questions, methods, exams, tests, etc. disregard my medical history and obstruct the Franconia District/Fairfax County, Virginia police case 2016104-0105.);

*detrimental to my health (e.g., False testimonies/evidence, Richland County Probate Court orders, and the quality of medical care or service equate involuntary manslaughter/criminal negligence, trespass, assault, battery, fraud, unreasonable searches and seizures, etc.); and

*too costly (e.g., The court, through its orders that are based on false testimonies/evidence, impeded or interfered with me earning more than \$400,000 in salary and benefits. I am experiencing crime-related effects, including debt totaling nearly \$80,000 and more than \$44,000 in student loans with Navient and Oklahoma Student Loan Authority.).

Bottom line, the involuntary, court-ordered treatment adds no value and only exists because of domestic terrorism via fraudulent court orders or more crimes. As a victim of domestic terrorism and Franconia District/Fairfax County, Virginia police case 2016104-0105 (18 U.S. Code § 3771), I should at least receive restitution or compensation for losing more than \$400,000 in salary and benefits and crime-related effects such as debt totaling nearly \$80,000.

Please investigate the criminal pattern or connections occurring on or near the below dates and act as requested before January 11, 2018. I am seeking pro bono legal help to move forward with my right to live; prevent assault, battery, and trespass on my life/body and liberty; receive medical care from my neurologist/doctors in Virginia, etc. Thank you for your impartial actions and courteous reply to dpedwards2@juno.com.

Kind regards,
Datrecia P. Edwards

Greetings,

I wish a happy New Year's Day to everyone. I hope the appropriate Federal authorities will dismiss with prejudice: Richland County (South Carolina) Probate Court case 2017MI401026, case 2017MI401404, and case 2017GC4000172, including the court orders for the aforementioned cases.

I respectfully ask authorities to dismiss permanently Richland County Probate Court cases before January 11, 2018 or when case dismissal is deemed appropriate after a Federal, criminal investigation(s).

The Richland County Probate Court cases/orders disregard my right to live, rights established under the Fourteenth Amendment of the U.S. Constitution, and select U.S. Supreme Court decisions (e.g., Cruzan v. Director, Missouri Department of Health, [88-1503], 497 U. S. 261 [1990] or applicable decisions). Also, I am concerned because the court orders for the aforementioned Richland County cases are based on fraud (false testimonies/evidence) among other crimes. Fraud places the National Crime Information Center and the nation's security posture at risk (42 U.S. Code § 5195c).

Thus, the Richland County involuntary, court-ordered treatment is

*needless (i.e., I am not a person who for the sake of my welfare or the welfare of others or of the community requires involuntary care, treatment, or hospitalization.);

*unreasonable, unconstitutional (e.g., The quality of medical care or service, topics of discussion and questions, methods, exams, tests, etc. disregard my medical history and obstruct the Franconia District/Fairfax County, Virginia police case 2016104-0105.);

*detrimental to my health (e.g., False testimonies/evidence, Richland County Probate Court orders, and the quality of medical care or service equate involuntary manslaughter/criminal negligence, trespass, assault, battery, fraud, unreasonable searches and seizures, etc.); and

*too costly (e.g., The court, through its orders that are based on false testimonies/evidence, impeded or interfered with me earning more than \$400,000 in salary and benefits. I am experiencing crime-related effects, including debt totaling nearly \$80,000 and more than \$44,000 in student loans with Navient and Oklahoma Student Loan Authority.).

Bottom line, the involuntary, court-ordered treatment adds no value and only exists because of domestic terrorism via fraudulent court orders or more crimes.
