Don't forget! If you don't have a park passport, you can purchase your admission for SC State Parks online -- to limit contact with our staff. Here's what you do:

--Visit: <https://scparkstore.com/collections/park-admission>

--Click on the park you plan on visiting.

--Select the admission, enter the quantity & add to cart.

--Check out and keep the receipt on your phone or print to present at the gate.

We ask that you purchase your admission on the day you plan on visiting. Thanks and we'll see you in the parks!

**Jennifer Maxim Osborn** What happens if I purchase pass to visit, get there and the park is at capacity? Can pass be used another day?

**South Carolina State Parks** Jennifer Maxim Osborn all you have to do is go back to the site where you purchased it and request a refund and you will be refunded.

**Tracy Ann** Will there be any sort of pass price reduction due to certain features remaining closed? I always buy a yearly pass, but part of that is going to the nature center, etc. And I noticed the price structure has been changed so that the \$75 pass does not include all state parks any longer. I lost a month and a half due to the park closures and am not sure if I should wait to purchase until all of the parks are operating with all features in place. Thanks so much.

**Summer Barrios** Do we have to do it online? Or can we pay at the gate so we can make sure we get in?

**Peggy Ann Smith** Donna Wood Blake, my understanding is that at the end of the year, you will turn in that pass for one that is good for a month.

at 16:37:55 on 5/02/2020 UTC

**Donna Wood Blake** Peggy Ann Smith when you but a new pass they will add a month

at 17:15:09 on 5/02/2020 UTC

**Peggy Ann Smith** Donna Wood Blake, I'm really not sure. I only remember reading what I said above. They probably have a FAQ section on their site, that may cover it, or maybe they have a # that you could call. I was just passing along what I read. 😊
