Please provide your feedback today. I think Swati wants this to go out soon. Swati, Do we need to get NH's approval? Is it going out from Veldran?

As many of you may have heard, we announced the One SC fund to assist flood victims, some of whom may be your constituents. Over the last few months, many state and federal agencies, as well as private, non-profit partners, assisted with fulfilling citizens' short-term needs; however, as our state moves into the long-term recovery phase, one of the greatest unmet needs will be getting people back to safe, habitable homes. In fact, FEMA estimates that as of January 1, 2016, 727 families will still be out of their homes.

I am asking all South Carolinians to get involved to help promote the One SC fund. Attached is background information about One SC, including ways to donate. The goal of One SC is simple: It will help bridge the gap between existing resources and the unmet housing needs of flood victims.

Because of your leadership, you are uniquely positioned to lend your voice to help these flood victims. We hope you will pass along this information to your constituents. Please visit www.onescfund.org for additional information.

God Bless.

Below is a possible OneSC legis email. KV

In the spirit of the holiday season, and because our neighbors are still struggling in wake of the devastating flood, we need your help.

Over the last few months, many state and federal agencies, as well as private, non-profit partners, assisted with fulfilling citizens' short-term needs. However, as our state moves into the long-term recovery phase, the greatest unmet need will be getting people back to safe, habitable homes. FEMA estimates that by January 1, 2016, 727 families will still be out of their homes.

I am asking all South Carolinians to get involved to help promote the One SC Fund. Attached is background information about One SC, including ways to donate. Most importantly, 100% of the donations will go directly to repair and re-build homes that were damaged or destroyed during the flood. The goal of One SC Fund is simple: It will help bridge the gap between existing resources and the unmet housing needs of flood victims.

Because of your leadership, you are uniquely positioned to lend your voice to help these flood victims. We hope you will pass along this information to your constituents please visit www.unescfund.org for more information.

God Bless.
