Yeah, we were originally going to update it, but since the FY 2013-14 proviso left the fine rate at the FY 2012-13 level, leaving the proviso with the exact same text as last year has the same effect as updating the fiscal year reference, so we decided to just leave it alone and have one fewer change to explain. Thanks.

Christian, I noticed the last few spreadsheets had no action on 34.14, but V09 had the below change.

34.14. (DHEC: Medicaid Nursing Home Bed Days) Pursuant to Section 44-7-84(A) of the 1976 Code, the maximum number of Medicaid patient days for which the Department of Health and Environmental Control is authorized to issue Medicaid nursing home permits is 4,452,015. Facilities exceeding their Medicaid patient days permit by more than five percent shall be fined incrementally at the same rate established by the General Assembly for **Fiscal Year 2012-13** *the current fiscal year*.
