I just sent bullets that answer these questions. Sorry for the delay, but I was working on it.

I'd rather not write "infrastructure" if I can help it. Does this mean roads and bridges only, or what other types of infrastructure? Any specifics you can give me on what the National Guard is needed for in Columbia and Clarendon County? (I don't mean road names, but what kinds of things they'll be doing.)

Today, Governor Haley issued Executive Order 2015-28, placing certain National Guard personnel on state active duty to help local governments make emergency repairs to infrastructure due to flood damage.
