Hi Haley and Katherine,
Eden gave me your contact info. I certainly hope you can help me in S.C. pass Erin's Law.

This is an email I received this AM from Rep. Norrell. I hope you all can help me get this passed in S.C. and not let it die. The children of S.C. need a voice! A big national news network is about to do a piece all on Erin's Law across America hopefully we can include S.C. as one of those states passing it.

Erin, I was told last night that the heritage foundation is saying that this bill is an attempt to teach sex Ed, and asking committee members to adjourn debate. I have no idea who the people with the heritage foundation are, but I know it is a national organization. Did Bill goes to full committee this morning at nine. I believe I have the votes to get it out of school committee, but we will only have a few days to get it past the house before crossover. If you have any contacts with the heritage foundation, if you could let them know this is not sex education, and have them get that information to their lobbyists in South Carolina, it would be helpful. -Mandy

Look forward to hearing back from you both.

Erin
