Hi! I am an inmate in the South Carolina Department of Corrections and I'm hoping that you can help me with a question that I have. I am in a pre-release program where my fellow inmates will be being released with-in 18 months. Unfortunately we do not have alot of information about the help that is available to inmates when released. We just want some help so that the chance of failing is maybe just a bit less. Could you please mail me any information that you can give in all detail that will help the inmates these questions about any assistance. Thank you kindly.

Dear Mr. Rathburn:

We are writing to give you information about South Carolina programs that can assist you following the completion of your incarceration.

The Department of Health and Human Services administers the Medicaid program that provides health insurance coverage for low-income and needy residents in South Carolina. Eligibility is based on federal and state requirements; and in order to qualify for Medicaid, an individual must meet certain financial and categorical guidelines. An eligibility worker can determine if someone qualifies for Medicaid based on the information provided in his or her application. You may visit our website at [www.scdhhs.gov](http://www.scdhhs.gov) or call (888) 549-0820 to find out more about the Medicaid program.

We have enclosed an overview of the Medicaid program, as well as information about other programs and organizations that can assist residents in South Carolina with their healthcare needs, prescriptions and daily living expenses. We hope this information is helpful.

Sincerely,
