## Independent Auditors' Report

The State Auditor of the State of South Carolina:

We have audited the accompanying basic financial statements of the South Carolina State Treasurer's Office South Carolina Local Government Investment Pool (the Pool), an investment trust fund of the State of South Carolina, as of and for the year ended June 30, 2003, as listed in the table of contents. These financial statements are the responsibility of the Pool's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in note 1, the financial statements referred to above include only the financial activities of the Pool, an investment trust fund of the State of South Carolina, and do not purport to and do not, present fairly the financial position and results of operations of the State Treasurer's Office, the State of South Carolina, or other agencies or component units of the State of South Carolina in conformity with accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets of the Pool as of June 30, 2003, and its changes in net assets for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated September 12, 2003 on our consideration of the Pool's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

The management's discussion and analysis on pages 3 through 5 is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

KPMG LLP, KPMG LLP, a U.S. limited liability partnership, is  
a member of KPMG International, a Swiss association.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information listed in the accompanying table of contents is presented for the purpose of additional analysis and is not a required part of the basic financial statements. This additional information has been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

KPMG LLP

**SOUTH CAROLINA LOCAL GOVERNMENT INVESTMENT POOL**

Management's Discussion and Analysis

June 30, 2003

The South Carolina Local Government Investment Pool (the Pool) is an investment option for local governments provided by the State Treasurer's Office as required by statute. The Pool invests in fixed income securities as provided in statute and is managed in a manner to maximize the return while providing the needed liquidity of the participants. A fixed rate option is also available. The attached financial statements present the financial "snapshot" of the Local Government Investment Pool. The Statement of Net Assets presents information on the Pool's assets and liabilities at June 30, 2003 with the difference between the two reported as net assets. The statement of changes in net assets restricted for pool participants during the period from July 1, 2002 to June 30, 2003 presents information showing how the Pool's net assets changed during the year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows.

**Financial Analysis**

**Table 1: Summary of Net Assets**

	<b>June 30, 2003</b>	<b>June 30, 2002</b>	<b>Difference</b>	<b>% Difference</b>
Cash and Investments	\$ 2,602,897,205	\$ 1,343,938,357	\$ 1,249,672,423	92.9%
Interest Receivable	6,829,354	589,294	6,240,060	1058.9%
<b>Total Assets</b>	<b>\$ 2,609,726,559</b>	<b>\$ 1,344,527,651</b>	<b>\$ 1,255,912,483</b>	<b>93.4%</b>
Bank Overdraft	\$ -	\$ 749,033	\$ (749,033)	N/A
Collateral for loaned securities	511,725,287	84,531,212	417,907,650	494.4%
<b>Total Liabilities</b>	<b>\$ 511,725,287</b>	<b>\$ 85,280,245</b>	<b>\$ 417,158,617</b>	<b>489.2%</b>
<b>Total Net Assets</b>	<b>\$ 2,098,001,272</b>	<b>\$ 1,259,247,406</b>	<b>\$ 838,753,866</b>	<b>66.6%</b>

The Statement of Assets shows that the assets of the Pool are the cash and investments made by the State Treasurer as custodian of the Pool plus accrued income receivable on those investments at June 30, 2003. The liabilities of the fund consist primarily of collateral held for loaned securities that is due back to borrower under securities lending transactions. The net assets of the Pool are held for the pool participant's and are divided into amount distributed to participant's accounts and undistributed amounts.

The undistributed portion of net assets is primarily a statutorily permitted reserve for contingencies. The current reserve for contingencies is well below the allowable cap of 1% of fund assets. The increase in assets, and resulting increase in net assets is due to return on investments and deposits made by pool participants exceeding withdrawals.

**Table 2: Summary of Activities**

	<b>Year Ended June 30, 2003</b>	<b>Year Ended June 30, 2002</b>	<b>Difference</b>	<b>% Difference</b>
Investment income	\$ 29,455,530	\$ 33,990,586	(4,535,056)	(13.3%)
Expenses	61,003	225,501	(164,498)	(3.9%)
Other additions and participant activity	809,359,339	23,698,411	785,660,928	3315.2%
Change in Net Assets	\$ 838,753,866	\$ 57,463,496	781,290,370	1359.6%
Net Assets – Beginning of Year	\$ 1,259,247,406	\$ 1,201,783,910	57,463,496	4.8%
Net Assets – End of Year	\$ 2,098,001,272	\$ 1,259,247,406	838,753,866	66.6%

Although the average investment return rate for the Pool was down from 2.57% for FY02 to 1.68% for FY03 due to market conditions, the FY03 rate paid to participants was still 27 basis points above the average repo rate of 1.41%, the benchmark for the fund, for the same period. The table below provides the investment return rates for the current and prior years by month.

	<u>FY 01-02</u>	<u>FY 02-03</u>	<u>Repo Rates</u>
JULY	3.85	1.82	1.74
AUG	3.74	1.91	1.74
SEPT	3.37	1.95	1.72
OCT	2.89	1.97	1.74
NOV	2.68	1.84	1.35
DEC	2.56	1.76	1.25
JAN	2.29	1.57	1.23
FEB	1.82	1.48	1.23
MAR	1.79	1.40	1.23
APR	1.85	1.52	1.23
MAY	1.97	1.49	1.22
JUNE	2.03	1.50	1.19
AVG.	2.57	1.68	1.41

While earning this higher rate, the funds remain available for withdrawal on a 24 hour notice.

The expenses of the Pool are limited to the actual expenses incurred by the State Treasurer's Office to operate the Pool, which by law must be offered at no cost to the State.

The total cost of investments for the Pool was up compared to the previous year as illustrated in the chart below:

	<i><b>FY 01-02</b></i>	<i><b>FY 02-03</b></i>
JULY	1,202,313,770	1,166,282,207
AUG	1,201,487,989	1,103,371,854
SEPT	1,000,485,229	1,083,811,598
OCT	1,107,670,048	1,064,318,173
NOV	1,067,482,859	1,021,184,409
DEC	1,088,655,403	1,296,667,546

**SOUTH CAROLINA STATE TREASURER'S OFFICE**  
**SOUTH CAROLINA LOCAL GOVERNMENT INVESTMENT POOL**

Notes to Basic Financial Statements

June 30, 2003

**(1) Summary of Significant Accounting Policies**

**(a) *Reporting Entity***

The South Carolina State Treasurer's Office (Treasurer's Office) is an agency of the State of South Carolina established by Article III, Section 7 of the Constitution of South Carolina. Pursuant to Section 6-6-10 of the State of South Carolina Code of Laws, the State Treasurer established, in May 1983, the South Carolina Local Government Investment Pool (the Pool), an investment trust fund, in which public monies in excess of current needs, which are under the custody of any county treasurer or the governing body of any municipality, county, school district, regional council of government or any other political subdivision of the State, may be deposited.

The accompanying financial statements present the financial position and results of operations solely of the Pool and do not include any other agencies or component units of the State of South Carolina or any other funds of the Treasurer's Office. The Pool is a 2a7-like pool which is not registered with the Securities and Exchange Commission (SEC) as an investment company, but has a policy that it will operate in a manner consistent with the SEC's Rule 2a7 of the Investment Company Act of 1940. The Pool is included as an investment trust fund in the State of South Carolina Comprehensive Annual Financial Report. For purposes of separate fund financial statements, the Pool is treated as an external investment pool.

**(b) *Basis of Accounting and Measurement Focus***

The Pool is reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. The Pool has elected not to apply the option allowed in paragraph 7 of GASB Statement No. 20, "*Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting*," and as a result does not apply FASB pronouncements issued subsequent to November 30, 1989.

**(c) *Pool Accounting***

The Pool accounts for assets held by a governmental unit in a trustee capacity or as an agent for individuals, private organizations, other governmental units, or other funds. An external investment pool is used when an arrangement exists that commingles the monies of more than one legally separate entity and invests, on the participants' behalf, in an investment portfolio. An external investment pool can be sponsored by an individual government, jointly by more than one government, or by a nongovernmental entity. The Pool, which is an investment trust fund of the State of South Carolina, records participant unit issues and related interest income for which the resources are restricted for participant unit redemptions, distributions, and related interest expense.

**(d) *Cash and Cash Equivalents***

The Treasurer's Office includes cash on hand, cash items in process to depository institutions, cash balances in depository institutions, interest-earning deposits, and overnight time deposits as cash and cash equivalents.

**SOUTH CAROLINA STATE TREASURER'S OFFICE**  
**SOUTH CAROLINA LOCAL GOVERNMENT INVESTMENT POOL**

Notes to Basic Financial Statements

June 30, 2003

**(e) Investments**

In accordance with GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*, investments are carried at fair value. Fair value is the amount at which an investment could be exchanged in a current transaction between willing parties, other than forced liquidation. Fair value for all investments of the Pool is determined annually based upon quoted market prices.

Section 11-9-660 of the State of South Carolina Code of Laws authorizes the Treasurer's Office to invest and reinvest the monies of the Pool in the following types of investments:

1. Obligations of the United States, its agencies, and instrumentalities;
2. Obligations of the State of South Carolina or any of its political subdivisions;
3. Obligations of any corporation within the United States if such obligations bear investment grade ratings of at least two nationally recognized rating services;
4. Certificates of deposit where the certificates are collaterally insured by securities of the type described in 1 and 2 above, held by a third party as escrow agent or custodian, and are of a fair value not less than the amount of the certificates of deposit so secured, including interest; and
5. Repurchase agreements when collateralized by securities of the type described in 1 and 2 above and held by a third party as escrow agent or custodian, of a fair value not less than the amount of the repurchase agreement so collateralized, including interest.

**(f) Investment Income**

Investment income consists of interest revenue and realized/unrealized gains and losses.

**(g) Administrative Expenses**

Provision 60.5 of the State's 2002-2003 Appropriations Acts authorized the Treasurer's Office to charge a fee for the operations and management costs associated with the Pool, and further authorized the Treasurer's Office to retain and expend the fees to provide the services. The fees assessed may not exceed the cost of the provision of services.

**(h) Participant Unit Issues, Redemptions, and Distributions**

The Treasurer's Office may sell participation units to all political subdivisions of the State. Funds may be deposited at any time and may be withdrawn upon 24 hours' notice. At the option of the participant, such funds can be invested for a fixed period of time for a guaranteed rate of return. Both conditions, period and rate, are determined at the time of investment. Participants' units sold and redeemed are determined using amortized cost, which differs from the fair value method, which is used to report investments.

**SOUTH CAROLINA STATE TREASURER'S OFFICE**  
**SOUTH CAROLINA LOCAL GOVERNMENT INVESTMENT POOL**

Notes to Basic Financial Statements

June 30, 2003

Interest earnings are accrued daily based on participation units valued at \$1.00 and distributed to the participants at the end of the month. Interest accruals are computed first for those fixed rate participation units, with the balance distributed equitably among the other participant accounts.

**(i) Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenditures during the reporting period. Actual results could differ from those estimates.

**(2) Cash and Cash Equivalents, Investments, and Securities Lending Transactions**

All cash and cash equivalents, investments, and securities lending transactions of the Pool are under the control of the Treasurer's Office who, by law, has sole authority for the investment of such funds.

**(a) Securities Lending Transactions**

State statutes permit the Pool to lend an unlimited amount of its securities to broker-dealers and other entities with a simultaneous agreement to return the collateral for the same securities in the future. The Pool may lend U.S. corporate bonds, U.S. Government securities, and other securities for collateral in the form of cash or other securities valued at 102% or greater of the market value of the securities loaned. For the fiscal year ended June 30, 2003, the Pool experienced no losses on its securities lending transactions because of borrower defaults.

All securities loans can be terminated on demand by either the Pool or the borrower. Cash collateral is invested by the lending agent of the Pool. The Pool is not allowed to pledge or sell collateral securities received unless the borrower defaults.

Several U.S. Government securities were on loan as of June 30, 2003, which had with a market value of \$501,678,025. Cash and noncash collateral was received in the amount of \$511,725,287, which is greater than 102% of the market value of the securities loaned. The cash was invested by the custodian in corporate bonds and a repurchase agreement with the maturity of these investments generally matching the U.S. Government securities on loan. The credit risk associated with this transaction is low as both securities are U.S. Government securities with short maturities. In accordance with GASB Statement No. 28, *Accounting and Financial Reporting for Securities Lending Transactions*, the collateral was recorded as a liability, "collateral for loaned securities" and the investment was recorded as an asset, "invested securities lending collateral."

**(b) Cash and Cash Equivalents**

Section 11-13-60 of the South Carolina Code of Laws, as amended, requires full collateralization of all bank balances. Any deficiencies between the bank balance and the pledged collateral must be corrected within seven days. At June 30, 2003, all bank balances of the Pool were entirely collateralized by Federal depository insurance or by collateral held by the Pool's custodial banks in

**SOUTH CAROLINA STATE TREASURER'S OFFICE**  
**SOUTH CAROLINA LOCAL GOVERNMENT INVESTMENT POOL**

Notes to Basic Financial Statements

June 30, 2003

the name of the Treasurer's Office. The bank balance of the deposits of the Pool at June 30, 2003 was \$1,060,161 and the carrying value was \$448.

**(c) Investments**

Investments in which the Pool may legally invest are described in note 1. Fluctuations in the amounts of U.S. Government agency obligations and commercial paper held during fiscal year 2003 and the amounts held at year-end occurred as the Treasurer's Office took advantage of more favorable interest yields without exposing the investment portfolio to increased risk. The Pool's investments are categorized below to give an indication of the level of risk assumed by the Pool at year-end. Category 1 represents investments that are insured or registered or for which the securities are held by the Pool or its agent in the Pool's name. Category 2 represents uninsured and unregistered investments for which the securities are held by the counterparty's trust department or agent in the Pool's name. Category 3 represents uninsured and unregistered investments for which the securities are held by the counterparty, or by its trust department or agent, but not in the Pool's name.

Investment type	2003	
	Category 1	Carrying Value
U.S. Government agency obligations, maturity dates ranging from 7/1/03 to 4/29/05, interest rates ranging from 1.150% – 3.250%	\$ 109,976,331	109,976,331
Corporate securities, maturity dates ranging from 7/1/03 to 4/6/05, interest rates ranging from 1.300% – 7.600%	763,810,353	763,810,353
Commercial paper, maturity dates ranging from 7/1/03 to 9/9/03, interest rates ranging from 1.000% to 1.530%	376,385,105	376,385,105
Repurchase agreement, maturity date 7/1/03, interest rate 1.260%	824,526,000	824,526,000
Repurchase agreement, maturity date 7/1/03, interest 1.28%	26,520,943	26,520,943
Total categorized investments	\$ <u>2,101,218,732</u>	2,101,218,732
Investments not categorized:		
Held by broker-dealer under securities lending arrangements with collateral:		
U.S. Government agency obligations		501,678,025
Total		\$ <u>2,602,896,757</u>
Reconciliation to Statement of Net Assets:		
Invested securities lending collateral		511,725,287
Investments		<u>2,091,171,470</u>
Total		\$ <u>2,602,896,757</u>

**SOUTH CAROLINA STATE TREASURER'S OFFICE**  
**SOUTH CAROLINA LOCAL GOVERNMENT INVESTMENT POOL**

Notes to Basic Financial Statements

June 30, 2003

The average interest rate for the operations of the Pool in fiscal year 2003 approximated 1.7% for participant balances which were not invested under the guaranteed rate option plan. This rate is computed as the average monthly earnings divided by average monthly balance. The interest rates on participant balances invested under the guaranteed rate option plan varied according to the rates negotiated at the time of investment.

**(3) Net Assets Restricted for Pool Participants' - Undistributed**

Monies are accumulated to meet administrative expenses related to the management of the Pool and to cover losses resulting from fluctuations in the investment market. The administrative fee is set and reviewed quarterly by the Treasurer's Office and may be increased or decreased, as needed, to maintain this account at an amount of no more than 1% of the net assets held for participant accounts. These amounts are considered held on behalf of the participants but are not considered distributed to their accounts. Other undistributed amounts held on behalf of the participants includes the difference between the fair value of the investments and the amortized cost of the investments.

**(4) Related Party Transactions**

Services received at no cost from state agencies include management, office space, check preparation, banking and investing functions from the Treasurer's Office, and legal services from the Attorney General.

The Pool provided no services to other state agencies during the fiscal year.

**Independent Auditors' Report on Compliance and  
on Internal Control Over Financial Reporting Based  
on an Audit of Financial Statements Performed in  
Accordance With *Government Auditing Standards***

The State Auditor of the State of South Carolina:

We have audited the basic financial statements of the South Carolina State Treasurer's Office South Carolina Local Government Investment Pool (the Pool), as of and for the year ended June 30, 2003, and have issued our report thereon dated September 12, 2003. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

**Compliance**

As part of obtaining reasonable assurance about whether the Pool's basic financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

**Internal Control Over Financial Reporting**

In planning and performing our audit, we considered the Pool's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the basic financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

This report is intended solely for the information and use of the State Auditor's Office, Pool participants, management, and federal awarding agencies and is not intended to be and should not be used by anyone other than these specified parties.
