**naty1227** I can't find the information on the website about the horseback riding. I only see information for people who are bringing their horses. Does the park have guided horseback riding?

**thelittlewanderersclub** @naty1227 we called the park and they gave us the info for Southern Roots and Rescues: <https://southernrootsrescues.org/contact-us> They were really nice and the horses were so sweet!
