Subject: FW: tech summit panel govenor's session

Good Morning:

Here is the program page with the general times. It appears that the two moderators get five minutes each and the entire panel session is an hour and ten minutes. That would give each panelist 10 minutes for remarks and there is an additional ten minutes for closing remarks. I did not see anything in the schedule or program for Q&A, but that does not mean there will not be any. It is not structured for Q&A.

Regards,
