Subject: National Partnership to Improve Dementia Care Follow-Up Call with CMS Region 4 State Coalition Members

Location: Conference Call -- 04/04/13, 1:00-2:00 pm EST -- Call In Information Below -- Agenda to Follow

When: 4/4/2013 1:00:00 PM - 2:00:00 PM

We are inviting you to participate in a follow up conference call related to CMS' *National Partnership to Improve Dementia Care in Nursing Homes*. Due to the limited number of lines that were available for the National Stakeholder call that was held on February 26th, we are holding regional calls that will allow all members of the state coalitions, for that region, to participate.

The purpose of these regional calls is to hear about the successes and challenges that your coalitions are facing in the implementation of this initiative. CMS is also eager to learn of the outreach that is occurring within the nursing homes in your states, the short-term and long-term goals that you have established so far, as well as a discussion on any tools/resources that you have found to be helpful.

We hope that you are able to participate in this important call. However, if you are not available on the date/time of this teleconference, please designate an alternate from your organization to participate. If someone from your state coalition has been inadvertently excluded from this email, please forward this information on to them as soon as possible.

If you have any questions or concerns, please contact Michele Laughman at michele.laughman@cms.hhs.gov.

To access this conference, please dial:

CMS Central Office Participants: 6-3100

All other Participants: 877-267-1577
