Attached is the information we discussed today. Again, I know that our battles aren't yours in total. This is just a take on the issues with the amendment. I can send along the amendment and Martha's summary if needed.

I'm holding Thursday to meet, but if it is possible to do so tomorrow, I'd be most appreciative. Easier to have one day on the road vs. two, but I am happy to do whatever works for you guys. Thanks.
