I imagine y'all will conduct a national search and have several qualified candidates.

I would offer up Bruce Holland who is an attorney in Irmo that SEVERAL firms refer DSS business to. He has years of previous experience in the executive office of DSS (Campbell days, I believe).

He's 60ish and not looking to make career in office; but I think could at least get things fixed, has internal/local knowledge, and protect our children.

Please pass along to Ted and the Governor and if you would like more information, I can get that for you.
