**Subject:** Comment from Gov. Haley on Atlantic drilling decision?

---

Morning,

I'm writing about the Obama admin's release of the new 5-year plan that scraps offshore drilling in the Atlantic - I know the governor and her counterparts in the SE states supported it, would like to include a comment from her in my story if possible. Deadline is 1p but asap is best.

Chaney, left you a message as well - I'm at (202) 383 6036 today if you want to reach me.

Thanks,
