

11-25-15

Governor Haley

I see that you are to lazy to answer your own letters. you have a flunky do it for you. Well I don't talk to Flenkins that shows me how irresponsible you are. Well I got some of the emergency food stamps But itsure didn't even do any good all I got was \$179.00 while others got over \$771.00 for one person. Well you cant even Buy hardly any food for \$179.00 Please my \$16.00 I get Monthly I might as well Die. Because all the food in the food Banks is stuff I cant eat I'm on a special diet due to my heart condition and the people in the food stamp office Dont care if you live or die just as long they get there food stamps and that there families get what they need & the illegals get what they need. I worked all my life and I started when I was 16 yrs old and did things that was bad for my health But I had to eat and I didn't rely on Food stamps or welfare to live I worked my ass off to take care off my kids & Family

(2)

My Parents didn't help me either.  
You were taught to work and do what  
was right. You'all are coming in to  
the people that are against the  
Constitution and everything this country  
stands for. You took out the prayers  
& the pledge of allegiance out of school  
just to please the catholics & muslims  
what about the real americans that founded  
this country you don't please the far  
left for what is to be right. Because  
the far left is wrong about everything  
that is what communism is about the  
far left I know & the President  
of the U.S. is also wrong about illegal  
immigration because it is from the far  
left. None of the kids in school  
today don't even know how to read  
or write or anything else the teachers  
are to lazy to teach what they need  
because they don't even know it them  
selves: how many know the capital of  
any states or where certain countries are  
they are to stupid to learn and that is  
the teachers in this state of South  
Carolina. When you get your degree  
in Europe you do a oral test & written one

(3)

over here you only do a written one & you can cheat on them as much as you want. But when you do a oral one you are checked to see if you have any counter bare on you so that you cant cheat on it. You have to answer the Questions right in front of the Professors. and there are at least 10 off them there to check your answers when you take it orally. why dont you all try this in the colleges today and you will find out that there wont be anyone that passers the test because they are to lazy to study it is all about sports well sports dont do anything for you when you cant do then any more and these players dont even know anything about life well money isn't everything. you sure cant take it with you when you die money is the Reith of all evil in this world the sooner you all see it the better this world would be.

Sincerely

Jovine Weatherford

P.S. the Professors in Europe also get

(4)

retested ~~up~~ every 4 years to see if  
they keep up with the times and it  
is a oral + written test. there is  
no cheating there either. and some  
of the players in sports are a bunch  
of idiots that dont know there ass  
from ~~the~~ a whole in the ground.  
they are that stupid. and anybody  
that is a lawyer and that runs for  
office Better give up there law practice  
or work for nothing in office.  
and I know that parents that have  
money Buy there kids Degrees even  
though they dont know nothing. and  
havent even learned a thing in school

Y.W.

I am very sorry to hear that  
 you are not well. I hope you  
 will get better soon. I am  
 thinking of you all the time.  
 Love,  
 John
