

3/31/16

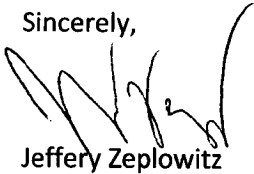

Dear Governor Haley

I am writing to respectfully ask you sign to my copy of your autobiography. I have not opened the pages yet, but will do so after receiving back from you.

I find you to be a very interesting Governor and a very good person. Your job in South Carolina has been very tough over the last few years and each time you have come out stronger. In addition, your stance against certain Presidential politicians has been refreshing and *just*. Hopefully, in four years we might see your run for the White House.

I would greatly appreciate you signing your book for me. If you could dedicate it to: *Jeffery and Katrina* (my wife) I would appreciate it. Thank you so much. I have included a SASE for your staff's convenience. I too work in state government, so I know how things are.

Sincerely,

Jeffery Zeplovitz
