1. File MSC 70 / US Route 76 / US Route 176 / Richland County

In order to better perform its maintenance responsibilities, the Department purchased MSC 70 in Richland County, near the Town of Ballentine. The Department acquired the Ballentine Maintenance Site by Title To Real Estate from G. M. Ballentine dated June 30, 1937.

The District 1 Engineering Administrator, with concurrence of management, has determined that the Old Ballentine Maintenance Site is no longer needed and should be liquidated from the Department's inventory. After receiving approval from the South Carolina Budget and Control Board, the property was marketed to the general public with signs, newspaper ads, and all necessary means to attract a qualified buyer. A bid sale was set up and consummated. The Grantee offered the highest acceptable bid above the appraised value of \$51,000.00. Therefore, a Quit-Claim Deed for approximately 0.47 of an acre of land to Daryle F. O'Cain in consideration of \$52,001.00 was executed on April 24, 2002.

2. File 24.576 / US Route 25 / Greenwood County

During construction of improvements on US Route 25, under File 24.576 in Greenwood County near the Town of Greenwood, the Department acquired right of way for US Route 25 by Title to Real Estate from Greenwood Mills dated November 11, 1995.

A request was received from representatives of the previous owner desiring to purchase back a small parcel of property located off the present right of way of US Route 25. The original parcel was purchased by the Department to construct a new drainage outfall ditch. The request was circulated to the Engineering sections to determine if the said parcel could be declared surplus. After review it was determined that the parcel was surplus to Department needs and could be sold provided some provisions were made to cover future maintenance of the drainage ditch. Therefore, a Quit-Claim Deed for approximately 0.30 of an acre of land to Greenwood Development Corporation was executed on February 27, 2002 in consideration of \$3,200.00.

3. File 11.645 / SC Route 11 / Cherokee County

During construction of improvements on SC Route 11, under File 11.645 in Cherokee County, near the Town of Gaffney, the Department acquired right of way for SC Route 11, by Condemnation from Ben S. Willard & William G. Willard dated May 26, 2000.

While negotiating a difficult acquisition case for new right of way, the Department reached an agreement with the property owner whereby it would convey two adjacent tracts of landlocked (no access) surplus parcels to the afore said owner as full compensation for the new right of way needed for the project. Therefore a Gratis Quit-Claim Deed for approximately 0.73 of an acre of land to Randall C. Horne was executed on June 24, 2002.

4. File 23.243A / Road S-87 (Buncombe Road) / Greenville County

During construction of improvements on Road S-87, under File 23.243A in Greenville County, near the City of Greer, the Department acquired right of way for Road S-87, by Beltline Act (827) dated 1949 and by Right of Way Easements from J.F. Green Estate dated August 11, 1959 from Lula D. Rhem dated August 11, 1959.

During negotiations to secure new right of way needed for the relocation of Buncombe Road, it was agreed to convey the old abandoned portion of Buncombe Road to the Grantee in exchange for the new right of way needed. A Quit-Claim Deed was determined necessary to clear title. Therefore, a Gratis Quit-Claim Deed for approximately 1.23 of an acre of land to Antoni, Jan, Micheline, and Anne Van de Wiele was executed on June 24, 2002.

5. File 23.131A / US Route 25 / US Route 123 / Greenville County

During construction of improvements on Road S-85 Relocation (Easley Bridge Road), under File 23.131A in Greenville County, near the Town of Greenville, the Department acquired right of way for Road S-85 Relocation (Easley Bridge Road), by Title to Real Estate from Marshal D. Earle, Sara I Earle Campbell, and Shirley R. Crumpton individually and as personal representative of the Estate of Lila Earle Crumpton dated April 17, 1990.

The Department acquired the subject parcels due to damages to the property caused by new construction. It was determined that the remainder of the subject tract of land was surplus to the Department's needs and should be put up for sale. The property was marketed to the general public with signs, newspaper ads, and all necessary means to attract qualified buyers at the highest acceptable price. The grantee offered the highest acceptable price. Therefore, a Quit-Claim Deed for approximately 1.07 acres of land to James P. Brockman was executed on June 25, 2002 in consideration of \$71,999.00.

6. File 23.131A / US Route 25 / US Route 123 / Greenville County

During construction of improvements on Road S-85 Relocation (Easley Bridge Road), under File 23.131A in Greenville County, near the Town of Greenville, the Department acquired right of way for Road S-85 Relocation (Easley Bridge Road), by Title to Real Estate from Marshal D. Earle, Sara I Earle Campbell, and Shirley R. Crumpton individually and as personal representative of the Estate of Lila Earle Crumpton dated April 17, 1990.

The Department acquired the subject parcels due to damages to the property caused by new construction. It was determined that the remainder of the subject tract of land was surplus to the Department's needs and should be put up for sale. The property was marketed to the general public with signs, newspaper ads, and all necessary means to attract qualified buyers at the highest acceptable price. The grantee offered

the highest acceptable price. Therefore, a Quit-Claim Deed for approximately 0.65 of an acre of land to James P. Brockman was executed on June 25, 2002 in consideration of \$30,501.00.

7. File Project 736E/ US Hwy17 / US Hwy 68 / Horry County

During construction of improvements on US Route 17 and US Route 21, under Project 736-B in Hampton County, near the Town of Yemassee, the Department acquired right of way for US Route 17 and US Route 21, by Condemnation from S. E. Gregorie Estate dated July 14, 1930.

A request was received from the adjacent property owner to purchase a small parcel of right of way from the above project. The request was circulated to the Engineering sections to determine if the abandoned parcel could be declared surplus. After review it was determined that the parcel was surplus to Department needs. Therefore, a Quit-Claim Deed for approximately 0.55 of an acre of land to Ben Josselson in consideration of \$2,000.00 was executed on August 8, 2001.

Recommendations 7/25/02

REQUEST FOR PROFESSIONAL ENGINEERING SERVICES

The Department requests Commission approval to advertise and select a consulting firm to provide engineering services for the North Myrtle Beach Connector. Approval will be contingent on inclusion of this project in the GSATS TIP. This connector is a limited access new location facility from US 17 to the Carolina Bays Parkway. The project is approximately one mile in length and will span the Intracoastal Waterway.

At present, the Department's workload prohibits the ability to maintain the proposed project schedule for which commitments have been made. Therefore, professional engineering services will be needed.

The work will include a reevaluation of the current EIS document, design, and plan preparation. The estimated cost for these services is \$2 million. The project is part of the Horry County RIDE II Application that was approved for 198 million by the JBRC.

Recommendations 7/25/02

REQUEST FOR PROFESSIONAL ENGINEERING SERVICES

The Department requests Commission approval to advertise and select a consulting firm to provide engineering services for the Fantasy Harbour Bridge. Approval will be contingent on inclusion of this project in the GSATS TIP. The new location facility will span the Intracoastal Waterway linking US 17 Bypass to the George Bishop Parkway. This project is an integral part of the proposed metropolitan loop.

At present, the Department's workload prohibits the ability to maintain the proposed project schedule for which commitments have been made. Therefore, professional engineering services will be needed.

The work will include a development of an environmental document, obtaining permits, design, and plan preparation. The estimated cost for these services is \$3 million. The project is part of the Horry County RIDE II Application that was approved for 198 million by the JBRC.

July 15, 2002

The Department requests Commission approval to perform a Contract Modification to the Basic Agreement for On Call Structure Foundation Testing Services. **THE COMMITTEE ON**

**INVITATIONS AND MEMORIAL RESOLUTIONS**

To whom was referred a Concurrent Resolution (S. 1289) to request the Department of Transportation to rename the interchange at Exit 101 on I-20 in Kershaw County the "Richard Thomas Holland Interchange" in honor of his children, etc., respectfully

**REPORT:**

That they have duly and carefully considered the same and recommend that the same do pass:

RONALD N. FLEMING for Committee.

---

**A CONCURRENT RESOLUTION**

TO REQUEST THE DEPARTMENT OF TRANSPORTATION TO RENAME THE INTERCHANGE AT EXIT 101 ON I-20 IN KERSHAW COUNTY THE "RICHARD THOMAS HOLLAND INTERCHANGE" IN HONOR OF HIS CHILDREN, GRANDCHILDREN, ONE OF WHOM IS SENATOR DONALD H. HOLLAND, AND HIS GREAT-GRANDCHILDREN.

Whereas, Richard Thomas Holland, the son of James R. Holland and Amanda Hyatt Holland, was born December 1, 1856; and

Whereas, he married Lilly Vermelle English, the daughter of Thomas and Mary English, in 1877; and

Whereas, Richard and Lilly had ten children named Edward L., Nella R., John, Thomas Jim, Martha Emma, Charlie, Bessie Vermeil, Arthur R., Georgia Anna, and Eugene; and

Whereas, Richard was a planter who owned three hundred forty-seven acres of land in the Beulah

community, located about six miles from Camden; and

Whereas, he was a lifelong resident of the Beulah community of Kershaw County; and

Whereas, his life served as an example to be followed by his ten children, his many grand and great-grandchildren, and by all who knew him; and

Whereas, Richard died at the age of eighty-six after a long and productive life; and

Whereas, I-20 now divides the property that was Richard Thomas Holland's former plantation; and

Whereas, the members of the General Assembly believe it would be a fitting tribute to Richard Thomas Holland and his family if this interchange were named in his honor. Now, therefore,

Be it resolved by the Senate, the House of Representatives concurring:

That the members of the General Assembly of the State of South Carolina request the Department of Transportation to rename the interchange at Exit 101 on I-20 in Kershaw County the "Richard Thomas Holland Interchange" in honor of his children, grandchildren, one of whom is Senator Donald H. Holland, and his great-grandchildren, and the department is further requested to install appropriate markers or signs at places as the department considers advisable containing the words "Richard Thomas Holland Interchange".

Be it further resolved that a copy of this resolution be forwarded to the Department of Transportation and to Senator Donald H. Holland.

## Proposed Funding Plan and Draft STIP for FY 03 and FY 2004

### **Recommendation:**

We recommend the Commission approve the two-year draft STIP and the proposed Federal Funding Plan for FY 03 and FY 04. This approval is necessary in order for the department to have the ability to obligate federal funds for projects after October 1<sup>st</sup>. Attached is the current (FY'02) funding plan and the plans proposed for FY'03 and FY'04.

### **Background Information:**

#### *FY 03*

The proposed FY 03 funding plan, which is attached, is an estimate and is based on the FY 03 funding level contained in TEA-21. Congress has not approved the FY 03 Federal Highway Appropriation bill, which will set the actual spending level for FY 03. However, The department must move forward with the best information available so we can continue to obligate federal funds after October 1<sup>st</sup>.

The FY 03 proposed funding plan does not include RABA funding, which is the reason for the \$68 million decrease from the FY 02 funding level. The amounts shown in red are the funding levels that are established by a federal formula, and the amounts shown in green are the funding levels established by the department based on needs.

When Congress approves the FY 03 Appropriation bill for Transportation, the department will make the necessary recommendation for adjustments to the FY 03 funding plan to the Commission.

#### *FY 04*

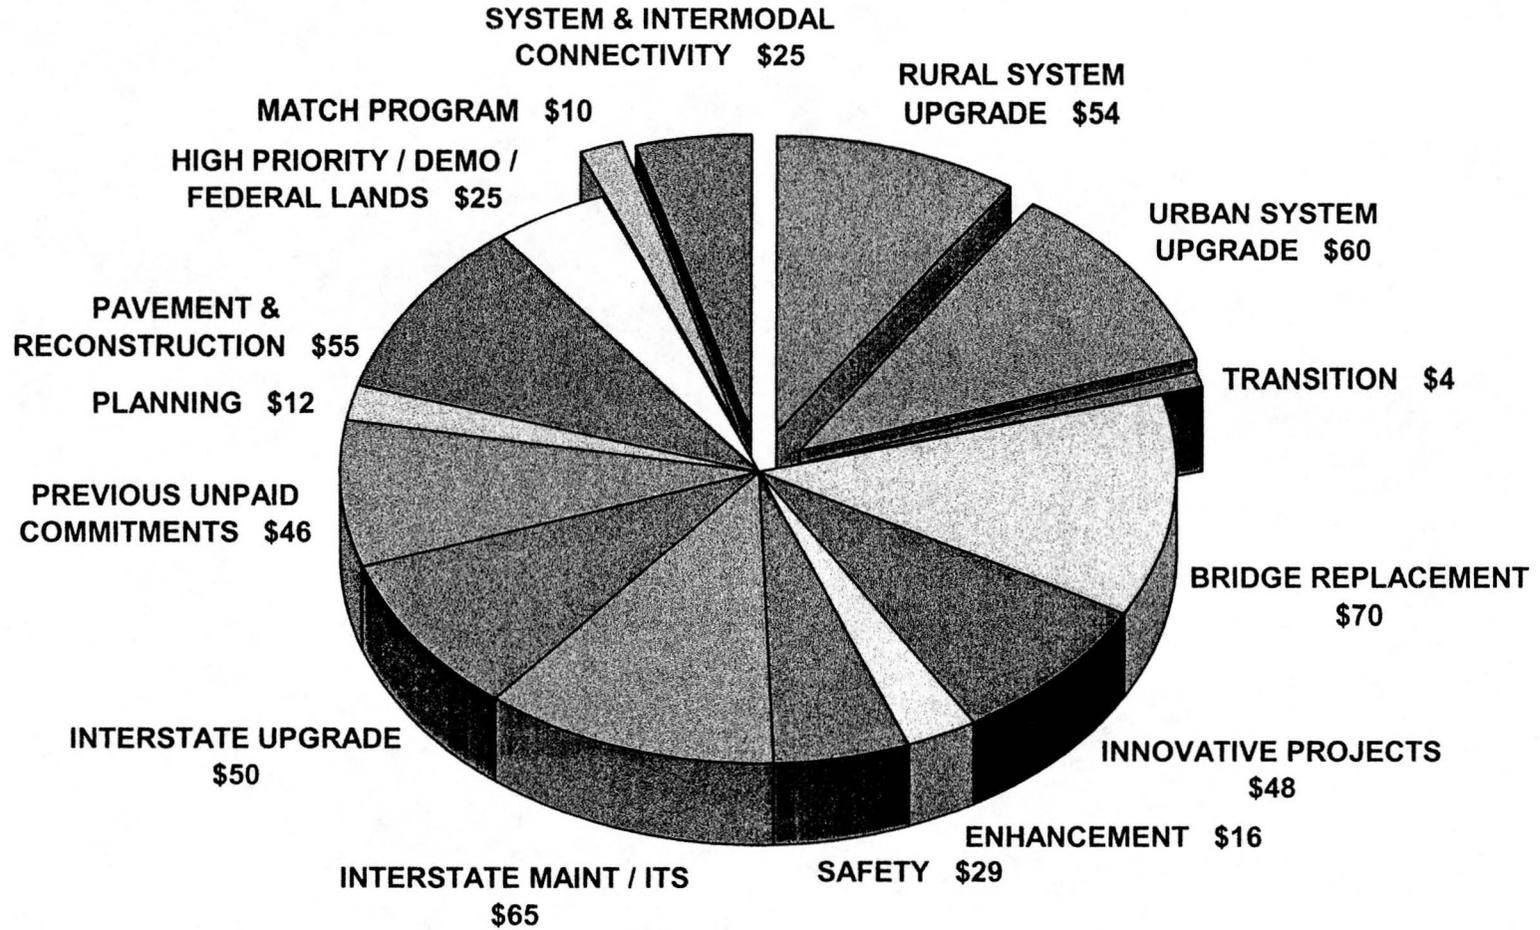

The proposed funding plan for FY 04 has been kept at the FY 03 funding level due to the uncertainties related to reauthorization. FY 04 will be the first fiscal year of the reauthorized transportation bill and the funding levels for the reauthorized bill are not available. The decrease in funding between FY 03 and FY04 is due to the expiration of High Priority funds that were specific to TEA-21 and anticipated penalties associated with the requirement for .08 DUI laws. As better information becomes available, the department will make the necessary recommendation for adjustments to the FY 04 funding plan to the Commission.

The amounts shown in red are the funding levels that are established by a federal formula and, the amounts shown in green are the funding levels established by the department based on needs.
