Subject: Response to Sen. Scott's comments regarding the confederate flag

Hi Chaney,

Sen. Scott did an interview with us about having an engaging conversation about removing the confederate flag from the State Capitol.

Here's his verbatim: SCOTT SOT: I think conflating the issues together is the obvious thing people do , I think we will have a robust debate , the fact of the matter is that all sides came to what was at the time an amicable conclusion, I think taking the flag off of the top of the dome would be an important moment for South Carolina, and it occurred 15 years ago, will there be an ongoing debate, I'm sure there will be.

Does the governor support engaging in the conversation to move the flag off the capitol grounds and maybe to a museum or another location?

Thank you.
