Subject: Waive felony conviction

Dear Governor; I am writing you to formally request a waiver of my felony conviction received in 1999. My brother Adrain L. Tribble who is currently incarcerated here in NC has made several threats against my life. The prison authorities have this contacted me to make me aware of his threats to kill me upon his release. I have contacted the local sheriff's office here in Catawba county to make them aware of the threats against me. I was instructed to contact your office and ask if you would consider waiving my felony conviction of Grand Larceny so that I may get a permit to own a firearm. Since my conviction, I have not been in any trouble with law enforcement except for a couple of car wrecks I was in that wasn't my fault. I have never been a danger to society or to myself. I'm hoping upon receipt of this letter that you consider my request with the utmost of seriousness as I am really fearful of my life. Thank you in advance. I am Terry D. Tribble. SS# 250-17-8958. My conviction was in Anderson county SC, Sept 1999. Again thank you for your consideration on this matter.
