Message:

I am a retired SC teacher and I work at the SC polls during elections. In the last check I received, I noticed that state retirement had been taken out. Since I am retired and no longer contribute to the state retirement, I found this very unfair. I can understand taking it out if I am still contributing, but I am not. I understand that this is a new law. Could it not be changed to allow retired people that worked for the state to receive their full payment? Many of my friends who worked for the state no longer work at the polls because of this. Thank you for the good job you do for our state.
