Solutions for the Nonprofit Sector
Thursday, April 24th, 2014
2-3pm EST

Register here for the presentation link and dial-in information!
(Registration closes TODAY!)

Dear Friends,

Over 5,000 organizations from across the nation shared their opportunities, challenges and financial realities in [Nonprofit Finance Fund's 2014 State of the Nonprofit Sector Survey](#). 56% of nonprofits weren't able to meet service demand - the worst shortfall in the 6 years of this survey's history. How exactly are nonprofits adapting? And what can funders, institutions and other advocates do to support the social infrastructure that nonprofits provide?

Please join us for a [live webinar on April 24th at 2:00 pm EST](#) as hosts Kerry Sullivan, President of the Bank of America Charitable Foundation, and Antony Bugg-Levine, CEO of [Nonprofit Finance Fund](#), discuss findings and implications from the survey data.

Key themes we'll explore:

- How the economic recovery is leaving many nonprofits behind and communities in need
- The wide-ranging steps nonprofits are taking to survive and succeed
- Top challenges identified by nonprofits
- How nonprofits are responding to increasing requests for impact measurement

NFF's State of the Sector Survey is generously supported by our long-standing partner, the Bank of America Charitable Foundation, and by the Ford Foundation. This free webinar is one of several ways we are sharing the 2014 survey data. In case you missed them, here are links to other key resources:

- [NFF's 2014 Survey Analyzer](#) is an online resource that anyone can use to filter our 2014 survey results by state, sector, etc. We created this tool to open up access and give people a chance to focus on what's most relevant for them.
- [Our Survey Resource page](#) provides a full list of growing resources and results from previous years.
- [Survey Brochure](#) includes high-level findings.
- [Our Social Currency Blog](#) includes further stories that we'll continue to share throughout the year.
- [Use our outreach toolkit](#) to share the results with others!

Thanks again to those who took the survey and shared it with their peers!

Sincerely,

The Knowledge & Communications Team
