Attachments: HBRN Partners Meeting Minutes.docx
Table of Road Map Action Items.docx

Dear Healthy Brain Research Network Partners,

Thank you for an extremely informative and productive first partners' meeting the other week. You are all engaged in impactful work in the areas of health aging and cognition and I feel very fortunate to have the opportunity to learn from you and work with you during the next several years!

Attached are the following items:

1. Brief, bulleted meeting minutes and list of meeting attendees.
2. Table of Road Map Action Items that we proposed to focus on in our grant proposal. There may be others we are interested in examining down the road based on our collective work and based on interests of the other funded sites.

****As we discussed at the meeting, a great next step will be for everyone to send me a few bullet points regarding the action items I have listed in the table indicating the work you may already be doing in these particular areas or think we should be doing that address the Road Map action items.**

Please send me your bullet points by February 15 if possible.*

Finally, here is a link to a Doodle poll so we can schedule our next meeting which will be a conference call at end of February/early March before USC investigators head to CDC in Atlanta in mid-March to meet the other funded sites.

<http://doodle.com/9yd89r4xhmxhshfn>

Best wishes and I look forward to hearing back from you!

Daniela Friedman
