

South Carolina Commission on Higher Education  
1429 Senate Street, Room 1104  
Columbia, South Carolina 29201

Resolution Adopted by the Commission on Higher Education  
Concerning Act 1268 of 1972

April 3, 1975

WHEREAS, The Commission on Higher Education is the State agency charged with responsibility for coordination and planning of all public systems and institutions of postsecondary education in the State; and

WHEREAS, The Commission on Higher Education has always regarded the State Board for Technical and Comprehensive Education (and its predecessor) and the institutions, programs, and facilities under its charge, as an integral part of the public postsecondary educational system of South Carolina; and

WHEREAS, The Commission on Higher Education believes that its responsibilities to the citizens of the State cannot be effectively carried out if some parts of the total system are excluded from proper coordination by the Commission: Now, therefore be it

RESOLVED, That the Commission on Higher Education believes that any substantive changes proposed in the legal and organizational framework in postsecondary education in the State, with reference to the role of the Commission on Higher Education, be referred to the 1202 Planning Commission and its Advisory Council on Community Colleges and Committee on Occupational Education for study and recommendations to the Commission, the Governor, and the General Assembly, and that no legislative or other changes be considered prior to that report.
