Hi! What is the cost for a bridal portrait session at the Lace House? Any information would be wonderful! Thanks in advance!

Leah- there are two ways to take your bridal portraits at the lace house. The grounds are open to the public Monday through Friday from 9 am to 5 pm complimentary. If you would like to use the house for your portraits the fee is \$300 and it includes three hours of access to the house including the bridal suite and the gardens.

That sounds great! To shoot on the grounds during the week, so we need to call first or just show up prior to the grounds closing?
