---

Catherine and Katherine-

I wanted to let you know the dredge project has started in Harbour Town! I have attached a couple photos of the dredge barge doing its work just outside of the marina, what a beautiful site. With clear weather, Harbour Town should be completed by the end of December and the crew will move to the South Beach area.

I also wanted to thank you and Governor Haley for all of your help and support. This exciting project would be have become a reality without your involvement and leadership which is greatly appreciated by the entire Hilton Head Island community. Thank you!!

All the best,

Steve
