Hey there!

I am so excited for you!! I think it's a great idea? Would you like me to run it by her?

KV

Hi Katherine,

Hope this message finds you well. I know this is slightly out of the blue, but I'm thrilled (and slightly terrified) to announce CGP is going full-time as of mid-September. I'd thought about reaching out to Gov. Haley about gifting a session to her daughter as I know she's a high school senior - and senior portraits are some of my absolute most favorite sessions. Other than John's little brother who's also a senior in high school, I have no major ties to the 'kids' these days - and let's face it, she's gorgeous.

You're clearly her go-to person and I trust your opinion - would this be something worth reaching out about? I talked to John and he said you'd be a better person to ask (which is how I got your email!).

No rush - and thank you!

-C
