Importance: High

Brian,

Good afternoon. Please see the attachment for 2015's "announced" numbers. We'll be issuing the year-end release at 9:30 a.m. eastern tomorrow morning. Also, Adrienne expressed some slight concern about a potential Facebook post referencing a different set of numbers (announced vs. recruited) from what we'll be promoting in the release. Feel free to use the language below, which is also included in the release, that describes the difference between "announced" and "recruited." It might help quell questions from the media about why there are the two sets of numbers.

Recruited figures represent projects that were won during the year 2015. Announcements made in 2015 may include projects that were recruited in the previous year and announced later.

Also, I wanted to touch base with you on tomorrow's other release – for BUSCOT LLC in Colleton County. The draft is attached and the draft quote is below. Any way we might be able to get that before the end of the day today or tomorrow morning.

"With this \$1.15 million investment, BUSCOT LLC is establishing its first U.S. facility here in our state, and we couldn't be more proud to welcome them to the South Carolina family. The new jobs created by this investment will have a real impact on the local Walterboro community, and I'm excited to watch this company thrive there for many years to come." –Gov. Nikki Haley [DRAFT QUOTE, NOT YET APPROVED]

Thanks,  
Jeremy
