Hi Tony,

Designed for Medicaid managed care stakeholders, the **2nd Annual Medicaid Managed Care Leadership Summit** is leading the way in defining improved operations and care management for Medicaid organizations by taking a deep dive into some of the most challenging issues facing your bottom-line! On **April 17-18 in Chicago**, this program will discuss best practices for analyzing risk, stabilizing contracts, community partnership development, member communication, and innovative care management for maintaining a successful Medicaid managed care product.

Don't miss this opportunity to learn how to achieve improved engagement, communication, case management, and financial incentives within your Medicaid managed care organization!
