It not only holds firearms, but also has the capacity to hold ammunition, less lethal devices, tactical gear, helmets, body armor, etc. Additionally, it has more redundant security built in to increase protection. That is why it is one of the most beneficial weapons storage cabinets for police departments. It also comes with several different options and sizes to work within your space. Standard hinged door cabinets come in two widths, 21" and 42". Available heights are 36", 45", 50", 64", 72", and 84".
