Dear Governor Haley,

We are all law bidden citizens who enjoy our second amendment rights that have been passed down by our four fathers to protect and defend the country we love. I am a Viet Nam Veteran and I served my country proudly and will defend it till my dying day if need be. You will have to pry my guns from my dying hands to relieve them from my. The United States of America is the greatest county on earth which has made a horrible turn to in the opposite direction. We better wake up soon and steady the ship before its to late or Armageddon will be steering us in the face as fast as you can say mercy. God save this great county of ours and bring us the leaders that will think of the people and not themselves.

Sincerely,
Anthony Maeurer
