Subject: RE: Call we received

Catherine,

He is referring to a workflow application which helps us with receiving and distributing NGAs and will help with the payment request process.

It isn't a system you would stand up there in the statehouse as it takes a server, training, rights, etc., nor do I see an obvious need there.

Though sometime in the future, we can see if the system here might be able to help with some workflows in your office.

Thank you,

-Kevin

Subject: Call we received

Good Morning Kevin,

I hope your sons tournament is going well.

We received a call from Hugh Wately at Carolina Office Systems. They mentioned the database that y'all implemented at LGOA and wanted to meet with us about similar options. I wanted to check that this was not referred to us based on something Danny or Darryl mentioned, because otherwise Tori Beth and I do not see a need for this. Thank you for the help clarifying.

Best Regards,
Catherine McNicoll
