Discover strategies to reduce stigma around benefits

What stops an eligible older adult from applying for public benefits? Often, it's the stigma of asking for help. We interviewed benefits counselors to learn more about stigma—and how to counter it to get struggling seniors the assistance they qualify for. Our new report lays out messages and strategies that may work with your clients.

Medicare savings for American Indians

Low-income American Indians have special considerations related to how income/assets from Tribal funds and trusts count for the Medicare Part D Low Income Subsidy and Medicare Savings Programs. Our American Indian-focused fact sheet explains these considerations, and is available in Word format so that counselors can tailor it with their local contact information and state program details. Versions are also available for Alaska and Hawaiian Natives.
