Subject: college and university screening report

Attachments: [commission report 1-11-18.pdf](#)

---

On Tuesday at 12:00 noon - candidates for vacant seats on Francis Marion, MUSC, USC and Winthrop (one seat on each college's board of trustees) will be released to ask for your vote. A list of those candidates is attached. This election is tentatively set for February 7<sup>th</sup>. The transcript from their screening hearing will be published in the House Journal and Senate Journal today.

You have probably seen and heard from a host of other college/university board of trustee candidates. Most of these candidates have not been screened by the commission - and are not allowed to ask for your vote. By law - that election cannot be held until April. We will let you know when their screening is complete, the report is published and those candidates are released.

Thank you!

Martha Casto
