

Things like this might go on in other places but this is the USA and it shouldn't be this way here. I have attached a petition that numerous people have signed to get out of the Town of Awendaw. We are tired of being taxed to death and not being able to buy groceries because of it. We wish to go back to being unincorporated. This town is filled with corruption. So, Governor, will you please have someone investigate what is going on here to bring it to an end? They are ripping off the people and the government BIG TIME!

Yours truly,

Lillie B. Swinton

Lillie Bell Swinton
5737 Seewee Road
Awendaw, SC 29429

February 4, 2015

The Honorable Nikki R. Haley
Office of the Governor
1205 Pendleton Street
Columbia, SC 29201

Your Excellency:

My name is Lillie Bell Swinton and I live on Seewee Road in the Town of Awendaw. I am writing you to ask that you have someone investigate what is going on here in this town. They are taking us through the washer and the ringer. Every month we pay taxes on our various bills to the Town of Awendaw and pay even more in property taxes at the end of the year. The town itself offers us little to no services. They are also making us pay for water that we do not have. I filled out a grant application to be hooked up to the water and qualified for the money. However, the money that was supposed to go to my water hookup was spent on something else by Town Hall.

The Mount Nebo AME Church operates a food pantry for senior citizens. They are supposed to give us meat but the people who are over the operation take the meat and only give us brown sugar and canned goods.

My porch is falling down and I went to the Town Housing Department to apply for a housing rehabilitation grant. The town staff refused to help me. The grants they get are used over and over again for the same people, friends and family, not the people who really need the help here in Awendaw.

There is a woman employed at the Charleston County office that issues food stamps. She doesn't put down my expenses correctly for me to qualify for stamps. I had to appeal to Columbia to get this straightened out. I know that the woman is a friend with the officials here in Awendaw.

The Awendaw Senior Center is operated by Town Councilwoman Sheila Powell. She is operating that facility very unfairly. They are not purchasing what needs to be purchased. She also employs her friends and her husband at the center.

PETITION FOR PROPERTY REMOVAL FROM THE TOWN OF AWENDAW

To Whom It May Concern:

The residents of lower Awendaw, specifically those residing on Seewee Road, have concerns regarding their recent treatment by the Town of Awendaw. These concerns have been presented to the Town of Awendaw during town council meetings, and as of July 2, 2010, no acceptable actions have been taken. In our opinion, we are not being equally represented on Town Council. Therefore, we are not receiving the same services from the Town for our tax dollars as other areas of Awendaw. Some of the services that are not being provided to the residents of Seewee Road include roadside ditch cleaning and tap into the water system, both of which can lead to health issues in the form of increased mosquitoes and poor water quality. In addition, we do not approve of many of the financial decisions being made by town council including the increases in salary for some town employees, while the Mayor's salary was decreased. Our concerns do not seem to matter to the majority of the current Town Council, and we are not getting any support from those employed by the Town of Awendaw, such as the Town Administrator.

For these reasons, we the undersigned do respectfully request that our property be removed from the jurisdiction and limits of the Town of Awendaw and that our property be governed and serviced solely by Charleston County as it was prior to the formation of the Town of Awendaw in 1992.
