South Carolina IT professionals are invited to attend an Angelbeat morning workshop as our guest, in Columbia on Wednesday, then Charleston on Thursday, covering top issues summarized below. Click on the link for your preferred city, to see the full agenda and signup. When prompted enter "ab" as the promotional code to receive your free pass.

There is still time to attend and hear from VMware, Check Point, Mitel and other industry leaders - well worth a few hours out of the office!
