Hi Christian - Sorry I didn't realize it was crunch time. If you have a couple of minutes Tue morning any time before 11a just give me a call 202-285-7777 and I'll swing by or we could meet for coffee as early as you want. But if it doesn't work I totally understand and we can catch up once the dust settles.

Good luck.

Hi Lee,

Tuesday and Wednesday are likely to be the last two session days this term, other than the few minutes it'll take them the following week to take up our vetoes. It's basically 24/7 at this point on the budget and legislation, then.

I might have a couple minutes on Tuesday morning, but I won't know for sure until right then. Will you have much play in your Tuesday AM schedule?

Hi Christian -

I'm going to be in Columbia this coming Tue (June 19th), and am wondering if you have a little time to spare to catch up?

I plan to arrive the night before, so here are some options that would work for me:

Mon evening for drinks  
Tue morning from breakfast until 11a  
Tue afternoon around 2p

Thanks,  
Lee
