DYK -- that you can BYOH (bring your own horse, of course 😊🐎) and horseback ride on the beach at Myrtle Beach and Hunting Island state parks through February 28? You really can! A permit is required. Contact these parks directly for more info:

**Kimberly Hicks Bolen** Would be ok if they would clean up after their horses too. You expect people to clean up after dogs why not the horses also?

**Steve Anderson** Horse's should be restricted to the south beach parking and down towards Fripp at hunting island and not allowed up the beach where the majority of people are. I agree that they need to be cleaned up after like the dogs.

**Jennifer Cameron** I agree with people needing to clean up after the horses... It really ruins the afternoon at the beach when it smells horrible...

**Donna Pruitt Fennell** Laura Bell yes we did know that. I have always wanted to but we just haven't gotten it together. Lol. I have ridden at the beach but more in the marsh than on the beach.

**Anja Kuhlmann** The fish really enjoy some yummy horse shit ... better than chewing on all the plastic shit that gets dumped in the ocean by the human race ...
