I'm not sure how you want the program to run on Wednesday for the bill signing but two possible speakers are Holly Gatling and Alexia Newman. Savanna Duke the girl that was supposed to be boarded is also a possibility of speaking. Not sure about your thoughts on that one. Obviously I would like to say something as well. I don't know the order of the program normally. Do we speak first and introduce the governor or vice versa? Do we speak first and then sign? Let me know.
