Subject: Opportunity to Share Feedback on the Need for Accessibility Information in Physician Compare

June 10, 2015

CMS Seeks Stakeholder Input on Physician Compare

CMS will host a Virtual Office Hour session via WebEx on Tuesday, June 23 from 1-2pm ET to discuss the [Physician Compare](#) website. During this session, CMS will answer stakeholders' questions about Physician Compare and public reporting. Anyone interested in participating can register by sending an e-mail to the [Physician Compare support team](#). You can submit up to three questions (one primary and two secondary) either with your registration or in a separate e-mail. All questions must be received by 5pm ET on Monday, June 15.

CMS is particularly interested in feedback from consumer groups on the need for information on physician office accessibility and on the specific details that would be most useful to people with disabilities. Groups wishing to share questions about adding accessibility information to Physician Compare are encouraged to do so in advance of the session. Advance submission will help ensure that CMS is prepared to respond.
