Greetings, Catherine; attached are some of the questions that I hope can be addressed concerning the Jenkinsville utility issue. I happen to be a supporter of nuclear power, however in this particular case, I believe there has been grievous financial harm done to laid-off workers and to SC ratepayers.

I would appreciate it if you could keep me apprised of Lt. Governor Bryant's efforts in this matter. I have recently retired, and would be pleased to offer any assistance if I can be of use.

Thank you so much for your assistance.

Cordially,
Herb Seigler
